

PENNSYLVANIA STATE ASSOCIATION OF TOWNSHIP SUPERVISORS

**Tuesday, October 13, 2020**

**CARES Funding for Townships**

If you have not yet made an application for reimbursements for COVID-related CARES funding from your County Commissioners (who got the state grant allocations to distribute), remember that reimbursements for PPE, protective equipment, and communications efforts are eligible. Conference call equipment or subscriptions for online video conference packages like Zoom, GoToMeeting, or others, website, and computers used to communicate important safety information to residents are just the beginning of eligible costs. Public Meeting room retrofits and signage are also eligible. Contact your Commissioners as most still have unspent funding available. Remember, expenses must be incurred by the end of the year or the money goes back to the state!
